

Locum opportunities—Pediatricians—Summerside, PEI

The Department of Pediatrics at the [Prince County Hospital](#) in Summerside has locum opportunities available from **January 1- December 31, 2020** to provide support to a complement of three specialists. Pediatricians provide consultative services to family physicians in the Western region of PEI for patients up to 16 years of age.

The Prince County Hospital is operated by Health PEI, a crown corporation responsible for the delivery of publicly funded health services in Prince Edward Island. Health PEI's head office is located at 16 Garfield Street, Charlottetown, PEI.

Remuneration:

The physician shall have the option of choosing fee-for-service or contract for service payment modality. To discuss remuneration and options in further detail, contact the Recruitment and Retention Secretariat at healthrecruiter@gov.pe.ca.

Hours of Work:

Up to 37.5 hours per week, to a maximum 1,725 hours per year for contact for service physicians. Participation is required for on-call services. Frequency of on-calls is 1 in 3.

Incentives:

Health PEI offers [Locum Support Program Incentives](#).

Certifications and Other Requirements:

- Royal College of Physicians and Surgeons of Canada certification or eligibility;
- Eligibility for licensure with the College of Physicians and Surgeons of Prince Edward Island; and
- Appointment to Health PEI's Medical Staff and appropriate hospital/facility privileging.
